

E.J.Ourso College of Business

To: The Members of MBA Association

Dear Friends,

It is my privilege and honor to be nominated for the post of International Chair of the MBA Association. I consider myself very fortunate to be a part of the Flores MBA Program. The post of International Chair will provide me with ample opportunities to contribute to the program.

As diversity is a key word in the modern business world, international students are now an integral part of any MBA program. When international students leave their homeland to study in a new country very different from their own, they are faced with many questions and problems. As the International Chair of MBAA, it will be my duty to guide the students and to answer their queries about the program, about the university and about living in the U.S. I believe my experiences in the past 4 years as an international student put me in a unique position to do so as well as help our new international friends in the process of transition.

Being the potential Vice President – Finance of the International Cultural Center for 2008-09, I can be instrumental in spreading the good word about the MBA program amongst universities in other countries. Also, I will have the facility to create awareness about the opportunities Flores MBA Program has to offer amongst international students currently enrolled in other departments at LSU.

Overall, I believe that I have the requisite potential to successfully fulfill the various responsibilities of the International Chair of MBAA, and would like to thank you for considering me for this position.

Yours sincerely,

Pratik Dhar
