

E.J. Ourso College of Business

Dear Members of MBA Association,

I am honored to be nominated for the International Chair of the MBA Association. The post of International Chair will provide me more opportunities to contribute to the MBAA, Flores MBA program and most importantly, to you, my dear friends.

When international students leave their homeland and come here studying in a totally different environment, they are faced with many questions, problems and difficulties. So are the potential international students of our program. My experiences in the past two years as an international student enable me to answer their questions about the program, about the university and life in the U.S. My legal background permits me to help them with problems involving visa, tax and other issues. And my enthusiasm enables me to, together with them, overcome any difficulties of merging into American culture. I feel that I am qualified to take on the duty of the International Chair.

The Flores MBA program is very well diversified in reflection of the globalization of current business world. My American friends, any international students that has ever sit by you in classes is your opportunity to open an window for outside world and will be your resource for expanding business globally one day you are in a position to do so. As the International Chair of MBAA, it will be my duty not only to help international students, but also to make the communication between international students and American students a pleasant and valuable experience. Once our friendship has been built up, the distance between America and any other country will be only a phone call away.

Last but not least, it will also be my duty to get the international students to become proud tiger fans. This will be my real pleasure since I am already a loyal fan of LSU football.

Overall, I believe that I have the requisite potential to successfully fulfill the various responsibilities of the International Chair of MBAA, and would like to thank you for considering me for this position.

Forever LSU, forever Flores MBA!

Yours sincerely,

Allyson Li
