

Connor Farber
2010-2011 MBA Association
Platform for Vice President

MBA Association Members,

The Vice President is a vital role within the MBA Association. After talking with several members of the current MBA Association, including the current Vice President, I have an accurate understanding of the duties of the position and can fulfill those duties. As Vice President, I will assist the President in his responsibilities, and will also help in other areas such as coordinating Association projects and activities, facilitating the Mentor/Mentee program, recruiting for the MBA program, and serving as your voice.

I served as the Co-Captain of the LSU swim team during my junior and senior undergraduate years. Through that experience I developed skills that will be valuable in filling the position of Vice President and being a successful leader. As team captain I learned how to be a liaison between groups and participate in continuous information exchange and feedback. Other responsibilities of that position which will benefit our organization include handling a budget and organizing social events. All these experiences will contribute to successfully serving as your Vice President.

I was also very fortunate to not only assist with the MBA Association golf tournament this year, but also participate in the event. The golf tournament is the largest fundraiser the Association puts on each year and is for a great cause. Working to put the tournament together and also being part of the end result has given me valuable insight to how we can continue the success of the event and expand its scope. One way to do so is by providing more opportunities for the players to interact with one another. Hosting a meet and greet thirty minutes before the start of the tournament would be one way of achieving this.

After being a member of the MBA Association for the past year and serving as the Red Cohort leader for 1st Years, I feel it is extremely important to continue the level of excellence the Association has achieved. The MBA Association is an integral part of the experience provided by the Flores MBA program and I am excited to bring new and innovative insight to the program. I am honored to be considered for the position of Vice President of the MBA Association and, in that role, I will continue to represent all MBA students and serve the MBA Association with the tenacity and dedication it deserves.

Thank You,

Connor Farber
